

*A prompt return of this blank, properly filled, will materially aid the Insurance Department in completing the Annual Report.*

## INSTRUCTIONS FOR FILLING BLANK.

Give *date* in each case.

State plainly for *what* each building was *occupied*.

Name *power* used, if any.

Give names of owners and occupants.

If *unoccupied*, so state.

State whether *total* or *partial* loss.

State amount of *damage*, *insurance*, and *insurance paid*, separately, on buildings and contents.

State distinctly the *cause* of the fire.

Do not return the cause as "accidental," or "carelessness," but give particulars.

Forest fires should be reported with full information of the cause and amount of loss.

In case of farm buildings, where more than one is involved in the loss, the one in which the fire originated should be designated, as also whether the buildings were connected or not.

The value of these statistics depends largely upon the care taken in the verification of the facts. Town and municipal authorities are urged to investigate carefully, and report fully the circumstances of each fire occurring within their respective limits. The department will welcome any pertinent information or suggestion not specifically called for.

The record books hitherto furnished the several cities and towns are intended to remain permanently in the custody of the city and town authorities, and this blank to be filled from the record therein made.

If more than one building is burned, name the items of damage, insurance and insurance paid, for each SEPARATELY, stating IN WHICH the fire originated.

Report of Fire  
Feb. 2 - 1886

To Henry N. McMaster Esq  
Town Clerk of Southborough

We the subscribers hereby make the  
following Report in accordance with  
Chapt. 199 of the Acts and Resolves of 1888  
The Saloon building <sup>and Personal Property therein</sup> of Warren H. Stevens  
situate in that part of said Southborough  
called Southwell was burnt April 21<sup>st</sup>  
1888. We have investigated concerning the cause  
and origin thereof and cannot learn anything  
as to the cause of the fire. The owner, Mr  
Stevens, says he went away about seven o'clock  
A.M. on the day previous to the fire and  
did not return until after the fire. He says  
no fire was left in the building. Building  
was insured for three hundred dollars which  
was probably about the fair value of same.  
Personal Property was valued at \$425.00

For the convenience, therefore, alike of the fire engineers and selectmen whose duty it is under the new law to make returns of fires to the city and town clerks, and of the latter officials, the department has prepared the annexed blank for this purpose.

[CHAP. 451, ACTS OF 1889.]

SECT. 1. The board of fire engineers in every city, except the city of Boston, and in every town in which a board of fire engineers is established, and the board of selectmen in any town in which no board of fire engineers is established, shall make investigation of the cause, origin and circumstances of every fire occurring in such city or town in which property has been destroyed, and shall especially make investigation as to whether such fire was the result of carelessness or design. Such investigation shall be begun within two days, not including the Lord's day, of the occurrence of such fire. The board making the investigation shall within two weeks of the occurrence of the fire furnish to the clerk of the city or town, as the case may be, for careful record by him in a book to be provided by the insurance commissioner, a written statement of all the facts relating to the cause and origin of the fire, the kind, value and ownership of the property destroyed and such other information as may be called for by the blanks provided by the commissioner. The court or trial justice shall thereupon hold such inquest and take the testimony on oath of all persons supposed to be cognizant of any facts or to have means of knowledge in relation to the matters herein required to be examined and inquired into, and shall cause such testimony to be reduced to writing, verified and transmitted to the district attorney of the court for his action; and shall also report in writing to the owners of property or other persons interested in the matter under inquiry any facts and circumstances ascertained by such inquest, which shall in the opinion of the court or justice require their attention.

SECT. 4. The court or justice may issue subpoenas for witnesses returnable before such court or justice; and the persons served with such process shall be allowed the same fees, their attendance may be enforced in the same manner, and they shall be subject to the same penalties, as if served with a subpoena in behalf of the Commonwealth in a criminal prosecution pending before such court or trial justice.

SECT. 5. SECT. 4. The court or justice may issue subpoenas for witnesses returnable before such court or justice; and the persons served with such process shall be allowed the same fees, their attendance may be enforced in the same manner, and they shall be subject to the same penalties, as if served with a subpoena in behalf of the Commonwealth in a criminal prosecution pending before such court or trial justice.

The board of fire engineers in every city, except the city of Boston, and in every town in which a board of fire engineers is established, and the board of selectmen in any town in which no board of fire engineers is established, shall make an investigation of the cause, origin and circumstances of every fire occurring in such city or town in which property has been destroyed, and shall especially make investigation as to whether such fire was the result of carelessness or design. Such investigation shall be begun within two days, not including the Lord's day, of the occurrence of such fire. The board making the investigation shall within two weeks of the occurrence of the fire furnish to the clerk of the city or town, as the case may be, for careful record by him in a book to be provided by the insurance commissioner, a written statement of all the facts relating to the cause and origin of the fire, the kind, the value and ownership of the property destroyed and such other information as may be called for by the blanks provided by the commissioner. The court or justice when of the opinion that there is evidence sufficient to charge any person with the crime of arson, shall cause such person to be arrested and charged with such offence, and shall likewise furnish to the district attorney all the evidences of guilt, with the names of witnesses, and all the information obtained by him in addition to the testimony in the case.

SECT. 4. The court or justice may issue subpoenas for witnesses returnable before such court or justice; and the persons served with such process shall be allowed the same fees, their attendance may be enforced in the same manner, and they shall be subject to the same penalties, as if served with a subpoena in behalf of the Commonwealth in a criminal prosecution pending before such court or trial justice.

SECT. 5. SECT. 6. The fees and expenses of the inquest shall be returned to the mayor and aldermen of the city or selectmen of the town in which the property was destroyed, and when audited and certified by them shall be paid by such city or town.

SECT. 7. Any officer neglecting or refusing to comply with any of the requirements of this act shall be punished by a fine of not less than twenty-five dollars nor more than two hundred dollars.
